AGS offers seasonal and year-round employment, a competitive wage and the opportunity for advancement.

AGS is a dynamic seafood processing company located in beautiful Juneau. Throughout the year we process many types of wild seafood including, but not limited to: sea cucumbers, salmon, halibut, crab (King, Tanner and Dungeness), black cod, true cod, rockfish and herring.

We are currently recruiting **50 people** for the upcoming sea cucumber season to have on site the last week of September for orientation. Processing sea cucumber is anticipated to begin the first week of October. We are interested in individuals with a wide and varied range of knowledge in the seafood industry. Not only do we want to hire individuals at the entry level, but we are also looking to hire production supervisors and/or management staff.
