

WALGREENS

Recruiting

for pharmacy technicians

Our pharmacy technicians deliver quality patient care under the supervision of a pharmacist. In addition to entering and filling prescriptions, and providing patients with efficient and empathetic care, pharmacy technicians also educate patients on insurance coverage; process manual insurance claims; assist with inventory control and ordering; maintain department appearance; answer questions regarding Walgreens programs and services; and handle telephone calls that do not require pharmacist attention. Walgreens will help applicants get licensed and will provide on the job training. No previous experience required.

Noon - 2 p.m.
Wednesday,
June 21, 2017

Anchorage Midtown Job Center

3301 Eagle St., Suite 104
