Dear Ms. Mielke:

Due to the cancellation of our contract with BP, Mistras Group, Inc. and its subsidiary Quality Services Laboratories Inc. will be permanently closing in their entirety its operations at the BP oil drilling facility at Prudhoe Bay, Alaska. As a consequence, 261 employees will be permanently laid off, of whom 236 are working at Prudhoe Bay, 6 are working at the Company's office at 2410 Azurite Court, Suite B, Anchorage AK 99507, 18 are working at the BP office at 900 Benson Avenue, Anchorage, AK 99508 and one works remotely from our office at 3827 East 80th Place, Merriville, Indiana 46410. (The Mistras Anchorage office will not be closed.) The layoffs will take place on March 31, 2018, or in the 14-day period beginning on that date.

Of the 261 employees who will be terminated as a result of this close of operations, 182 (166 in Prudhoe Bay and 16 in Anchorage) are represented by the Quality Control Council of the United States ("QCCUS"), 753 State Ave., Suite 570, Kansas City, KS 66101. Mr. Gene Forkin is Executive Director of QCCUS (Phone, 708-212-0744). The Chief elected officer of the QCCUS is Phillip Martin, President, United Association, Three Park Place, Annapolis, MD 21401 (410-269-2000). There are no bumping rights, however some employees may be offered an opportunity to transfer to other locations.

Attached is a list of job titles to be affected, and the number of affected employees in each job title.
