ALASKA PROJECT TIMELINE - OCTOBER 1, 2025 TO JUNE 30, 2031

The Alaska Department of Labor and Workforce Development (DOLWD) will award a six-year grant on a competitive basis, beginning with program year (PY) 2025: October 1, 2025 through June 30, 2026. Additional grant funding for subsequent years will be contingent upon annual federal and state appropriations. Following the initial grant award, DOLWD retains the right to fund the grantee for up to six consecutive program years PY2026, PY2027, PY2028, PY2029, and PY2030.

Grant renewals after the first year's solicitation will be contingent on the grantee's ability to successfully implement the terms of the grant, meet performance expectations, and provide regional adult education and literacy activities. Grantees will be required to submit an annual grant renewal package. All grant awards are subject to the availability of funds from the federal government and state legislative appropriation.

DEMONSTRATED EFFECTIVENESS

An eligible provider must be able to demonstrate effectiveness by providing performance data on their record of improving the skills of eligible individuals, particularly eligible individuals who have low levels of literacy, in the content domains of:

- reading;
- writing;
- mathematics; and
- English as a second language (ESL) instruction.

An eligible provider must also submit information regarding the outcomes for participants related to:

- employment;

- An eligible provider that has **not been previously funded under WIOA Title II AEFLA**, must provide performance data to demonstrate its past effectiveness in serving basic skills deficient eligible individuals, including evidence of its success in achieving outcomes listed above (see [Demonstrated Effectiveness Data Table 1b](#)) ([34 CFR 463.24](#))

Demonstrated effectiveness requires eligible applicants to submit the two (2) most recent years' data available illustrating success in improving the skills of eligible individuals and outcomes for participants utilizing the data outlined above. For this RGA, data must reflect program years (PY) 2022 (July 1, 2022 – June 30, 2023) and 2023 (July 1, 2023 – June 30, 2024).

Each application will be reviewed to determine whether it meets the standard of demonstrated effectiveness. Applications that do not provide sufficient evidence of demonstrated effectiveness will be eliminated from the competition and not proceed to the committee review.

NOTE: For applicants applying as a consortium, **each member of the consortium** must provide performance data to demonstrate effectiveness. Each member must qualify as an eligible provider with demonstrated effectiveness based on the qualifications outlined above.

Members of the review panel will use a standardized evaluation rubric to score applications. The panel will not have access to past performance of the agency or recommendations from the AAE office.

EVALUATION PANEL AND REVIEW

The AAE office will form a panel to read and score applications. The review panel will consist of a subject matter expert in adult education; experience in the implementation of state grants; and/or knowledge of the delivery of adult education in a variety of organizations. Panel members shall not be associated with local grantees or be in a position to benefit financially from the grant awards.

The review panel will score each application independently and meet to discuss substantial variation to determine a final score. The panel will provide the AAE office with a summary sheet with total scores and grant recommendations.

EVALUATION CRITERIA AND SCORING

Applicants' narratives will be reviewed and scored based on how well they address the questions in each section of the thirteen considerations. In addition, points are awarded for budget narrative, formatting, and grammar. Further points are available for addressing the additional considerations as outlined in this RGA in alignment with the [Alaska WIOA Combined State Plan](#).

Each section will be scored using a value from 0 to 3 based on the thoroughness of response. The rating criteria are as follows:

- Absent (0 Points) - information is absent;
- Limited (1 Point) - information is incomplete and/or lacks details;
- Acceptable (2 Points) - information is clear and appropriate but is limited in detail; or
- Excellent (3 Points) - information is well written, easily understandable and complete, and provides detailed examples.

Applicants must score a minimum of 60 percent or higher to qualify for grant funding. Scores will be added together and divided by total maximum available points to obtain percentage score. The following are the maximum and minimum scores obtained per narrative:

- Alaska Adult Education grant application – Max Points 198, Min Points 118, Max Additional Points Available 6.

GRANT NARRATIVE REQUIREMENTS

Applicants interested in applying for adult education funding must provide a comprehensive narrative that addresses the agency's ability to provide a well-rounded program that will have a positive effect on adult learners in the region.

The following information must be included in the grant narrative and should be clearly labeled in individual sections. Application formatting instructions can be located in [Appendix A](#).

PLAN FOR ADULT EDUCATION SERVICE DELIVERY (Max Points: 12)

Based on regional needs, provide an in-depth overview of the organization's experience in serving adults, including providing adult education and literacy activities. This section should clearly outline the organization's proposed grant activities, the manner in which they will be implemented, and the organizational goals for adult education. Applicants should show a need in the community for services and how they propose to address that need.

Additionally, grant narratives should provide a description of how the eligible provider will meet the state-negotiated levels of performance identified in the [Alaska Combined State Plan](#).

WIOA THIRTEEN CONSIDERATIONS

Applicants must address all thirteen considerations in the narrative sections of their grant proposals. All topics must be addressed and tables completed for the application to obtain points in each section. Please clearly identify each section in your narrative.

Applicants applying for funding under Integrated English Literacy and Civics Education (IELCE) and/or the Corrections Education and the Education of Other Institutionalized Individuals grant must complete the thirteen considerations and additional statements as indicated within the considerations.

1. REGIONAL NEEDS ASSESSMENT/ REGIONAL LABOR MARKET ANALYSIS (Max Points: 12)

The Alaska Workforce Investment Board (AWIB) functions as the local workforce investment board in the state of Alaska. As part of the State of Alaska's WIOA Combined Plan, Alaska Adult Education (AAE) grant recipients will conduct a needs assessment to determine local and regional needs. In accordance with the Workforce Innovation and Opportunity Act (WIOA) requirements, the AWIB will review and score the Regional Needs Assessment and Regional Labor Market Analysis for alignment with the Combined Plan.

Upon receipt of the applications, the AAE office will compile and submit the aforementioned sections to the reviewer designated by the AWIB. The AWIB will provide comments and recommendations to the AAE office on how the application aligns with Alaska's WIOA Combined Plan. The comments and recommendations provided by the AWIB will be attached to the application and provided to the review panel for final review and consideration of the extent to which the application addresses the Regional Needs Assessment and Labor Market Analysis. The panel will integrate any comments made by the AWIB into the final rubric of the grant and provide it to the applicant.

Regional Needs Assessments must describe the characteristics of adults, aged 16 and older, in the region and how they may benefit from AAE services. *Cited sources must be included in the narrative.*

The statement must include the number of adults who:

- have an education level below the 12th grade;
- have not earned a high school diploma or its equivalent;
- are at or below the federal poverty level; and
- report not being able to speak, read, or write the English language.

Additionally, the eligible provider must include information to support:

- a demonstrated need for English language acquisition and civic education programs; and
- an AAE program and services within their region including outlying communities.

As part of the Regional Needs Assessment, a Regional Labor Market Analysis is required. This involves gathering regional labor market information that benefits students. AAE grant recipients are required to provide workplace adult education and literacy activities, including labor market information. See [Appendix D](#) for chart.

2. SERVING INDIVIDUALS WITH BARRIERS, INCLUDING DISABILITIES (Max Points: 12)

Eligible providers must have the ability to serve all students, including students with disabilities. The Alaska Department of Labor and Workforce Development (DOLWD) requires all students shall have equal access to programs, facilities, and services. Grant recipients shall not discriminate in any aspect of the adult education program and must have policies in place to address the accommodations and modifications available to students and staff with disabilities, including learning disabilities. Narratives must address specifically how they ensure equitable access to and participation of students and staff to programming, admission, activities, and all aspects of operations.

General Education Provisions Act (GEPA)

Applicants must ensure that all program goals, objectives, activities, and outcomes are free of gender bias, stereotyping, and discrimination. The applicant must ensure its status as an equal opportunity employer and that it will not discriminate in employment, supervision, practices, services, or educational services. The U.S. Department of Education's General Education Provisions Act (GEPA) applies to applicants for grant awards under their programs, which includes adult education. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 ([Public Law 103-382](#)).

All applicants must include information in their applications to address the highlighted six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age.

In alignment with Section 427, applicants are required to address the following details in their grant application:

- a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its adult education program for students, teachers, and other program beneficiaries with special needs; and
- based on local circumstances, grant applicants need to address whether barriers listed above or other barriers may prevent students, teachers, etc. from such access or participation in, adult education and literacy activities.

3. PAST EFFECTIVENESS (Max Points: 18)

An eligible provider must be able to demonstrate past effectiveness by providing the last two years of performance data on their record of improving the literacy of eligible individuals to meet state-adjusted levels of performance for the primary indicators of performance described in WIOA ([Public Law 113–128](#)), Title II-Adult Education and Family Literacy Act (AEFLA), Section 116, particularly eligible individuals who have low levels of literacy.

Using [Table 2](#), agencies must describe previous experience; recruitment strategies; retention strategies; alignment with local workforce and/or partners; and instructional practices with the following AEFLA activities:

Alaska grant recipients are **required** to provide:

- Adult education;
- English language acquisition activities;
- Workplace adult education and literacy activities;
- Literacy; and
- Digital literacy (State Requirement).

Grant recipients may also offer the following:

- Family literacy activities;
- Integrated English literacy and civics education (IELCE);
- Workforce preparation activities; or
- Integrated education and training.

Definitions for the activities listed above are in [Appendix J](#).

Applicants must also provide information regarding performance and transition outcomes. Using [Table 2](#), agencies must complete data related to the following:

- educational functional levels or grade level equivalent achievement;
- high school completion outcomes; and
- transition outcomes, including transition to employment, postsecondary education, and/or training.

In addition to the data in Table 2, applicants must also address the following questions within the narrative:

- describe the student population reported in the data, including number of students for each year;
- indicate assessments used and methodology for demonstrating student growth, including pre- and post-testing gains; and
- describe policies and procedures for maintaining valid and reliable data.

NOTE: Data must reflect program years (PY) 2022 (July 1, 2022 – June 30, 2023) and 2023 (July 1, 2023 – June 30, 2024).

4. ALIGNMENT WITH ONE-STOP PARTNERS (Max Points: 9)

Alaska has established a Memorandum of Understanding (MOU) that meets the requirements of WIOA and provides information regarding the relationship between the Alaska Job Center Network (AJCN), the AWIB, and the Alaska Adult Education program. The roles and responsibilities of each partner are outlined in the MOU, including establishing a mutually beneficial relationship between the partners to prevent duplication of services.

Eligible providers must be able to demonstrate an alignment between adult education and literacy activities and supports and services that are provided through the AJCN.

The narrative must clearly describe the following:

- the implementation of the MOU in your community and how this benefits adult learners;
- how the program will align and coordinate with the local job center; and
- the alignment of the following WIOA required services with the local job center:
 - outreach and orientation;
 - skills assessment;
 - partner referrals;
 - supportive services information;
 - financial aid assistance, and
 - training services.

Definitions for above services are provided in [Appendix J](#).

5. INTENSITY, DURATION, AND FLEXIBLE SCHEDULING (Max Points: 24)

Grant recipients must offer classes that are of sufficient intensity and duration and with flexible schedules so learners can achieve measurable outcomes. DOLWD requires AEFLA grantees to deliver a **minimum** of 30 hours of instruction, four days a week, at least nine months per year. Grant recipient must provide students with research-based curriculum that offers substantial rigor for students to achieve learning gains. Grant applicants must attach a proposed class schedule to their applications.

Applicants must describe the following:

- enrollment system (open, managed, entry based, etc.) and students' expectations for attendance (hours per day, week, month, etc.);
- how the instructional schedule aligns with standardized assessment, including pre-post testing procedures;
- curriculum and instructional practices and rigor necessary for adult students to achieve gains;
- physical learning space, including number of classrooms, learning labs, and other dedicated spaces set aside for adult education;
- progression of instruction for each skills area: reading, math, writing, and English language acquisition, and how many courses for each topic are offered;
- flexible schedule, including daytime, evening, and weekend classes; and
- strategies to enable students to achieve educational goals.

6. EVIDENCE-BASED INSTRUCTIONAL PRACTICES AND READING INSTRUCTION (Max Points: 9)

Evidence-based instructional activities are designed to have an impact on students' learning and can support achievement. The eligible provider's evidenced-based activities including; reading, writing, speaking, mathematics, and English language acquisition instruction, must be based on the best practices derived from the most rigorous research available. Applicants must provide the eligible provider's:

- approaches to teaching adult education and English language acquisition using research based approaches;
- use of curriculum, including accommodations and modification made to support students with disabilities; and
- instructional practices and use of formative assessment to guide those practices.

7. EFFECTIVE USE OF TECHNOLOGY AND DISTANCE LEARNING (Max Points: 9)

Eligible providers can use technology in a variety of different ways to support the learning on students. Technology is not limited to the classroom and distance learning can facilitate an interaction between the teacher and student that helps to eliminate barriers the student may be facing.

As part of the narrative, explain:

- the incorporation of technology into instruction and specific classes where technology will be used;
- opportunities the agency will provide for distance delivery; and
- strategies for measuring the use of technology (software, online programs, etc.) to determine student improvement.

8. FACILITATE LEARNING IN CONTEXT (Max Points: 6)

Adult education students need to be provided activities to provide learning in context, including through integrated education and training. Through contextual learning, individuals must be able to acquire the skills they need to transition to postsecondary education, training programs and/or the workforce. Contextual learning also helps students advance in employment leading to economic self-sufficiency and exercising the rights and responsibilities of citizenship.

Applicants need to describe how the agency uses:

- contextual learning, such as integrated education and training (IET) or other models, to help adult learners develop skills to advance in an educational setting, become more employable, engage in their communities, and exercise the rights and responsibilities of citizenship; and
- instructional practices or curriculum-based learning to provide students with the knowledge, skills, and/or ability to transition successfully to postsecondary education, training, and/or the workforce.

9. QUALIFIED INSTRUCTORS AND STAFF (Max Points: 15)

Grant recipients are required to appoint highly qualified staff to deliver adult education services. Program Coordinators are responsible for accountability of overall program operations. They are responsible for matters such as compliance issues; budgets, allocations, and expenditures; National Reporting System (NRS) management; quarterly reporting; training staff; etc. Program Coordinators must have experience in adult education or a related field to be appointed to this position. Teaching, data entry, volunteers, and other staff must also be highly qualified and well-trained to provide educational activities and deliver instructional services to students.

As part of maintaining qualified staff, professional development is essential for continued improvement of teaching strategies. Staff are required to stay on the forefront of innovative ideas in teaching to boost student outcomes. - non-profit organizations; and

Eligible providers should provide an overview of established partnerships and/or cooperative agreements with community agencies to support adult education students, as well as reduce barriers to educational services.

The following must be addressed:

- identify federal, state, and local programs (not including those used in [Alignment with One-Stop Partners](#) section);
- describe partnerships, including the partner's responsibility to students; and
- provide an explanation of how the partnership contributes to career pathways or the development of career pathways.

11. LEARNER SUPPORT SERVICES (Max Points: 6)

Flexible schedules and coordination with federal, state, and local support services, such as childcare, transportation mental health services, and career planning, are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs.

Using the federal, state, and local programs identified in the previous *Partnerships and Support Services for Development of Career Pathways* section (10), narratives should describe:

- established outreach, agreements, and referral system; and
- support services (for example, childcare, transportation, mental health services, and career planning) to reduce barriers for adults to access educational services and to support their academic goals and transition to postsecondary courses or career training.

12. HIGH QUALITY INFORMATION AND DATA COLLECTION SYSTEM (Max Points: 18)

AAE provides the AlaskaJobs system as an electronic student and data information system. AlaskaJobs provides a joint application between workforce development components and WIOA partners. Grantees will be required to record student information, such as demographic information, assessment scores, and class attendance into the system.

Grantees are required to maintain high-quality information and report it into the AlaskaJobs system for measurable outcomes and monitoring. Grant applicants should describe the following:

- data management policies, including data collection, data entry, and data confidentiality;
- tracking procedures for student attendance and assessments;
- policy and timeline for training staff in data collection;
- staff roles and responsibilities in data collection, errors, and resolution of issues;
- process for program improvement using data; and
- use of data for monitoring students' academic progress.

13. ENGLISH LANGUAGE ACQUISITION AND CIVICS EDUCATION ACTIVITIES (Max Points: 9)

Alaska requires the integration of English language acquisition activities for adult education grants. Eligible providers must ensure English language learners (ELL) and immigrant students are offered appropriate educational courses to allow for English proficiency and academic success. Grantees must use an evidence-based approach to providing practical applications for preparing ELL and immigrant students to meet college and career learning standards. Although civics education courses are not mandatory, they are highly recommended.

Applicants must address the following in their narrative:

- identify at least one career training program and career pathway offered to ELL students within the community, including credentials available upon completion;
- describe how ELL students engage with the local job center and other community partners; and
- demonstrate the need for English language instruction in the local area.

DIGITAL LITERACY (Additional Available Points: 9)

As outlined in the Alaska WIOA Combined State Plan, digital literacy was added as a state requirement in 2022. Digital literacy is defined as the ability to use information and communication technologies to find, evaluate, create, and communicate information, requiring both cognitive and technical skills. Adult education grant recipients are required to integrate digital literacy skills into their teaching, as well as provide digital literacy classes.

Applicants must address the following within their narrative:

- identify technology used and how it is integrating with digital literacy skills within the teaching environment;
- explain how digital literacy is incorporated into existing curriculum to better equip students with the skills need to navigate the increased demand of technology; and
- describe classes planned or taught that specifically address the digital divide within the community.

ADDITIONAL CONSIDERATIONS (Additional Available Points: 6)

As outlined in the Alaska WIOA Combined State Plan, additional consideration will be given to applicants that integrate the following into their application:

- innovation in adult education practices or supportive activities that facilitate knowledge and skill development, secondary credential attainment, postsecondary credential attainment, and/or employment; and/or
- ability to describe intention to provide concurrent and contextual integrated education and training. The service approach must detail the requirements and definitions set forth in [34 CFR § 463.37](#) and outline the overlap in services between adult education and literacy activities; workforce preparation activities; and workforce training.

BUDGET/FISCAL REQUIREMENTS

FUNDING CRITERIA

The Alaska Adult Education (AAE) office anticipates approximately \$2.5 million in funds to be available for adult education and literacy activities for program year 2025 (July 1, 2025-June 30, 2026). Grant awards are anticipated to extend six years, from PY 2025 through PY 2030 (June 30, 2031). Awards are contingent upon federal and state appropriations and upon the grantees ability to meet all grant, fiscal, and reporting requirements.

The formula for funding distribution was developed to provide equitable funding of adult education throughout the state.

The formula for grant funding allocations is based on the following criteria:

1. Base funding of \$100,000;
2. Average measurable skill gain (MSG) accumulation taken from 3 full years of the most recently available program data within the region; and
3. Average student allocation take from full time student enrollment numbers taken from 3 full years of the most recently available program data within the region in region.

Continuing grants are also funded based on:

4. Program performance during previous grant cycle; and
5. Maintained compliance with programmatic, state and federal policies and regulations.

Funding is conditional upon federal and state appropriations, federal grant allocations to the state, federal approval of the Alaska WIOA Combined State Plan.

The Integrated English Literacy and Civics Education (IELCE) program is solely funded through federal grant money and allocations are determined each year by the U.S. Department of Education.

The Corrections Education and the Education of Other Institutionalized Individuals grant is funded exclusively with federal grant money. The Workforce Innovation and Opportunity Act (WIOA) ([Public Law 113–128](#)), Title II-Adult Education and Family Literacy Act (AEFLA) ([34 CFR Part 463](#)), mandates that 82.5 percent of funds be made available for grants, of which not more than 20 percent may be used to support correctional education. Correctional grants are funded at the base funding amount above but capped at the 20 percent as mandated.

AAE grant recipients are encouraged to provide GED testing services in their locations. Regulations governing GED testing are published and maintained through GED Testing Services and Pearson VUE. Federal WIOA funds and Alaska General Fund

matching dollars may not be used to pay for GED testing or related administration.

Estimated PY2025 funding based on PY2024 allocations using granted funding allocations:

Department of Corrections	\$100,000.00
Integrated English Literacy and Civics Education	\$99,601.00

BUDGET NARRATIVE (Max Points: 9)

The budget narrative must accompany the grant narrative at the time of application. It should be reasonable, practicable, and provide a summary of costs by line item. The amounts proposed by the applicant in the budget narrative are intended as a guideline for expenditures of funds during the program year. Upon award, budgets will be updated when final allocations are released and revised based on negotiation or funding availability.

A budget narrative is required and must be accompanied by the Project Budget Form 165. When completing the application, the following information is necessary:

- **Personal Services:** List all staff positions by title. Personal services, including the roles of the positions, the proportion of the individuals' total time dedicated to this grant, and the funds allocated for the positions.
 - For applicants currently receiving AEFLA funds, job descriptions are required for proposed staff positions funded under this grant.
 - For applicants not currently receiving AEFLA funds, resumes and job descriptions are required for proposed staff positions funded under this grant.
- **Travel:** Summarize the need for travel, including when travel is anticipated to occur. Enter participant travel under Participant Support Services. Out-of-state travel must be approved by the AAE office prior to budget approval. [Travel Requests](#) can be accessed on the [AAE Teacher Resources](#) site.
- **Contractual:** Summarize the contractual expenses (expenses for services received from entities other than the applicant), including how the costs of contractual fees were determined.

- **Supplies:** Summarize the supplies (typically items less than \$5000) that will be purchased in support of program objectives. Unless specifically approved by DOLWD, incentives, promotional items, memorabilia, gifts, and souvenirs are not allowed.
- **Participant Support Services:** Under section 231(a) of WIOA, AEFLA program funds may be used to pay child and dependent care and/or transportation costs to ensure that adult learners can attend and participate in AEFLA-funded programs allowable so long as these costs are reasonable, necessary, and allocable. Participant support services must follow all policies and guidance outlined here.

Each category line-item estimated amount will be described in the Budget Narrative section of the application budget and will be used by the review committee to better understand expenses. This does not replace program-specific budget forms that are required if the grant is awarded.

In addition, if an applicant's budget exceeds the five percent administrative cost limit as outlined below the budget narrative must include a rationale as to why they need a higher administrative cost limit and why the administrative costs included in their budget are allocable, reasonable, and necessary.

After the grant award, AAE allows budgetary changes of no more than ten percent or \$2,500, whichever is greater, in a budget line-item expenditure. Changes above and beyond these levels require a formal grant amendment. Additional information can be found in the division's [Subaward Amendments Policy: 07-526.1](#).

RESTRICTED INDIRECT RATE

The grant applicant must provide a copy of an approved indirect rate with their grant application to be eligible for indirect rates. If awarded, it is the grantee's responsibility to provide an updated indirect rate agreement to the AAE office at the time of renewal and with annual renewal documents.

AEFLA is a Supplement Not Supplant (see below) and under a restricted indirect rate. The U.S. Department of Education or other entities may negotiate restricted indirect rates. If approved for an indirect rate without a restricted indirect rate, under federal law, agencies may not use rates higher than eight percent [34CFR §76.564](#).

Indirect costs are agency wide and are not directly attributed to one program. It is essential that items of cost incurred under this grant be treated consistently as a direct or indirect cost to avoid possible double-charging. Indirect costs include, but are not limited to:

- Salaries and expenses of executive officers, personnel administration, and accounting that support the agency as a whole, including maintaining the adult education program;
- Agency wide software and IT solutions;
- Rent/utilities where administrative staff, not providing direct grant administration (teaching and/or Program Coordination), are located; and
- General administration and general expenses such as the director's office, accounting, personnel, and all other types of expenditures not associated directly with adult education.

Note: it is not allowable to charge indirect costs as direct (administrative or instructional) costs to federal grant funds. Similarly, it is not allowable to charge a direct cost to your grant (ex: rent) if it is included in an indirect cost rate per the indirect cost rate agreement under this award or another federal award.

SUPPLEMENT NOT SUPPLANT

The administrative provision states that funds made available for adult education and literacy activities under the WIOA Title II AEFLA grant shall supplement (support) and not supplant (replace) other state or local public funds expended for adult education and literacy activities. ([29 USC 3331\(a\)](#))

ADMINISTRATIVE COST

Not more than five percent of a local grant to an eligible provider can be expended to administer a grant under Title II of WIOA. In cases where five percent is too restrictive to allow for administrative activities, the eligible provider must negotiate with the AAE office to determine an adequate level of funds to be used for non-instructional purposes ([WIOA Section 233](#)).

An eligible provider may consider costs incurred in connection with the following activities to be administrative costs:

- Planning: including budgeting; writing grant applications; clerical and/or bookkeeping work;
- Administration: including carrying out performance accountability requirements, salary related to data entry, and rent/utilities where administrative staff are located;
- Professional development: including program coordinators, teachers, data entry staff, tutors, etc.;
- Providing adult education and literacy services in alignment with local workforce plans, including promoting co-enrollment in programs and activities under title I, as appropriate; and
- Carrying out the One-Stop partner responsibilities described in [20 CFR §678.420](#), including contributing to the infrastructure costs of the One-Stop delivery system. [34 CFR §463.26](#).

Grant recipients negotiated administrative rates must be reasonable, necessary, allowable, and allocable.

DIRECT INSTRUCTIONAL (PROGRAMMATIC) COST

Direct Instructional costs encompass 95 percent of the grant award for adult education instruction and/or support activities. Instructional costs are directly related to teaching students. Instructional costs may include, but are not limited to:

- salaries and fringe benefits for teachers and instructional assistants directly involved in instructional practices and delivery of educational content;
- student materials and supplies needed for classroom instruction, such as textbooks, supplies, and technology used for direct instruction;
- distance education materials, such as curriculum for asynchronous learning activities and/or equipment to teach synchronous learning;
- rent and utilities where classes are held;
- portions of the Program Coordinator's salary, including creating instructional materials or curriculum for in-person delivery, data analysis, conducting instructional observations, conducting intakes, teaching classes, or working directly with students;
- salary of data entry personnel working directly with students while conducting intake, providing orientations, and other work directly with students;
- coordinating strategic partnerships with community organizations.

FEDERAL COSTS PRINCIPLES

Federal Uniform Guidance outlines the appropriate use of federal grant funds [2 CFR Part 200](#). In accordance with the Uniform Guidance, all costs paid for with Title II AEFLA federal and state matching funds must be:

- Allowable: expense is not a prohibited use of federal or state funds and supports the required activities of the grant.
 - The Uniform Guidance (2 CFR § 200.420 - 200.475) provides additional details about what types of costs are an allowable use of federal and state dollars.
- Reasonable & Necessary: the cost of the items is reasonable given the circumstances, the cost is needed to effectively implement grant activities, and the grantee expended a fair market price for the items.
 - Paying an instructor \$200,000 per year when other instructors make \$40,000 per year would not be reasonable.
 - Hiring ten teachers to support a program that serves 100 students would not be reasonable or necessary.

- Allocable: the cost is directly related to the grant activities and the cost is proportional to the benefit it will provide the program.
 - Computers are bought for a lab where adult education students are taught 3 days per week or 65 percent of the time. Another program uses the lab 35 percent of the time. In this example, 65 percent of the cost of the computer is allocable and can be charged to the adult education grant.

Purchases must be well documented and supported by documentation. Budget approval does not constitute final purchasing approval.

PROGRAM INCOME

Grantees have the ability to charge a program fee for tuition, books, or other fees for participation in AAE services. Fees collected must follow Uniform Guidance Cost Principles for expenditure and cannot be used outside AEFLA related expenditures. Program fees must be expended prior to grant funds. Any fees collected may not impose a barrier to student participation.

Local providers are required to establish policies indicating how fees are collected and used to benefit the regional program. The policy must include the following:

- fee structure including rates, types of fees, schedule, and sliding scale for students with barriers;
- detailed report on how the fees are reasonable and necessary to the regional program;
- explanation as to how the fee structure will not impose a barrier to the participation of disadvantaged persons that the program was designed to serve; and
- financial budget indicating how the fees will be collected and expended on allowable costs for regional program needs; carryover funding is not allowable.

INVOICES

This is a reimbursement grant; the applicant will be expected to incur the cost for all program services and report each month's expenses no later than 15 calendar days after the end of a calendar month. Reimbursement requests will be submitted electronically through the grant management system unless the subrecipient is approved for an alternative method of submission. Reimbursement requests that are not properly executed may delay the processing of the request. Per the Alaska Administrative Manual ([AAM 35.120](#)), payments must be made by the date specified under the contract or by 30 days after receipt of proper billing.

As the period of performance (grant year) runs from July 1 through June 30, the final reimbursement request must be submitted no later than the 15th day of July following the grant year. The year-end closeout report will be submitted thereafter. Properly executed reimbursement requests must be:

- supported by documentation, including required reports and data entry, verifying performance of the services agreed to in the scope of work;
- for expenses incurred within the period covered by the award;
- for expenses incurred and paid by the subrecipient within the request period specified on the reimbursement request;
- submitted in a format provided or approved by the division and certified by original signature as true and correct by a responsible signatory of the subrecipient;
- based upon the subrecipient's accounting system; a financial report generated from the accounting system must be attached to the reimbursement request; and
- supported by appropriate source documentation including, but not limited to: vendor billings, time sheets, travel authorizations, canceled checks, tickets, payroll records, or other applicable information necessary to substantiate expenditures.

Grantees may be required to submit additional explanations and backup documentation to clarify grant expenditures. The AAE office reserves the right to request these documents at any time. Division staff may request copies of source documentation prior to or after payment for any reimbursement requests. Reimbursement requests and source documentation must be maintained on file with the subrecipient for a period of not less than three years after the close of the grant period.

Grantees are required to provide maintenance and storage of the following:

- Documents related to the AEFLA grant will be maintained for a **period of three years** after the completion of the grant. The three-year period starts when the last fiscal report is submitted. The timeframe can be extended based on several situations as indicated in [2 CFR 200.333](#). The following documents will be stored:
 - all fiscal source documentation;
 - student records;
 - monitoring documentation; and
 - original and annual signed documentation.

STAFFING

To ensure providers have the staff needed to operate an effective adult education program, AAE requires each program to have staff or volunteers who fulfill the essential job duties to meet the grant requirements.

It is allowable for staff working on the adult education program to work on other programs, as long as adult education grant funds only pay for the amount of time those staff members spend on allowable adult education activities. Grant recipients must have reasonable, documented methods for how they determine time on task reporting and the amount of the individual's salary paid from the adult education grant. If awarded, providers will need to ensure split-funded staff maintain compliant time on task reporting and staff are paid based on their actual time devoted to the AAE grant, not the original budget estimates.

As mandated by [2 CFR § 200.430](#), staff are required to maintain timekeeping reports documenting and certifying the amount of time spent on the adult education grant.

ADMINISTRATIVE REQUIREMENTS AND RESPONSIBILITIES

The Alaska Department of Labor and Workforce Development (DOLWD) requires grant recipients to abide by the following administrative requirements and responsibilities throughout the life of the grant cycle.

DUE DILIGENCE

Grant recipients, which are not state agencies are required to go through a due diligence process to demonstrate their suitability to receive grant funds. Additional information can be found in the division's [Due Diligence Policy 07-527](#).

PROGRESS REPORTS

Grant recipients must complete and submit progress reports in the DOLWD grant management system. These reports must include a narrative on the project that relates to the statistical data found in the National Reporting System (NRS) tables and the status of the attainment of the goals and objectives of the project.

FINANCIAL REPORTS

Grant recipients must complete *monthly* reimbursement requests in the DOLWD grant management system. Data entry into the division's participant data collection system AlaskaJobs and project activities reflected in the progress report will be used to support approval of reimbursement requests.

SUCCESS STORIES

Success stories and photographs are critical components to the continuation of the program and will be submitted in the quarterly progress report.

PARTICIPANT DATA COLLECTION AND REPORTING

Grant recipients are required to collect information from participants at the time of intake. The information must be collected and entered into AlaskaJobs per the division's [Participant Performance Data Collection Policy 07-508](#). Data to be collected includes demographics, as well as personally identifiable information (PII) such as birthdate, address, and social security numbers. Documents required by the grant agreement, including applications, must be kept for each participant in either paper or electronic format. Information collected in the participant data collection system will be used by the department for federal reporting and state monitoring purposes. All information, including PII, will be shared with other State of Alaska departments and federal agencies as mandated.

NEGOTIATED LEVELS OF PERFORMANCE

In alignment with the Workforce Innovation and Opportunity Act (WIOA) [Section 116\(b\)\(3\)](#), the state must submit an annual performance report to the Office of Career and Technical Education related to the negotiated performance targets outlined in the [Alaska WIOA Combined State Plan](#). AAE reports aggregated data each October based on statewide performance. It is the responsibility of all grant recipients to ensure Alaska is meeting the negotiated levels of performance.

The Alaska Adult Education (AAE) office will negotiate annual performance targets with grant recipients at the beginning of each program year. Grantees will be required to provide a plan to meet or exceed the state performance targets. Grant recipient that do not meet or exceed their targets for the program year will be placed on a Program Improvement Plan (PIP) and grant renewal funding may be affected by the inability to meet or exceed the expected levels of performance.

MONITORING

The division has developed a systematic monitoring system for evaluating the quality and effectiveness of program administration. Monitoring is the quality control system whereby the division gathers and analyzes information to determine whether services are in compliance with the grant agreement, detect problems, identify strengths and weaknesses, and propose improvements to the services. Grant recipients are expected to cooperate with any monitoring, inspection, audit, or investigation of activities related to the grant agreement.

Monitors will include, but are not limited to, examination of, and photocopying as necessary, books, records, files, documents, property or equipment related to all aspects of AAE funded activities. The review of grant recipient files and records assesses adherence to the project scope, objectives, goals, training schedules, financial, and equal opportunity compliance. Monitoring may be conducted on-site or through desk monitoring. Grant recipients will receive written notice to inform them of a project monitor and a detailed list of items to be reviewed. Some grant recipients may only be required to comply with simple requests for information to confirm compliance with grant conditions. Additional monitoring information can be found in the division’s [Monitoring and Single Audit Policy 07-523](#).

- Include additional terms and conditions during the process of grant negotiations. These terms and conditions must be within the scope of the original RGA and will be limited to clarification, definition, and requirements both administrative and legal.
- Use any ideas presented in response to this RGA. Selection and rejection of the application(s) does not affect that right.
- Make final funding determinations based on risk assessment reviews of each applicant.

Grants must be approved and signed by the Commissioner of DOLWD. If approved, grants become effective at the beginning of the program year. DOLWD assumes no responsibility for work done, even in good faith, prior to a signed grant agreement.

[Alaska Statute 36.30.230](#) requires applications submitted under this solicitation to be open to reasonable inspection by the public.
