FREE, HANDS-ON CARPENTRY TRAINING
FAIRBANKS
JANUARY 9 - 13, 2023
APPLY ONLINE AT ALASKAWORKS.ORG

Training covers the basics of carpentry and trades math including accurate reading and use of tape measure, hammer, saw, 3-4-5 layout method, and safe use of hand and power tools.

Using skills learned in class, participants build a foot stool and a set of stairs to a platform.

Construction site education, safety, and carpenter expectations also covered.
