

ALASKA DEPARTMENT OF LABOR
& WORKFORCE DEVELOPMENT

We are HIRING

**Do you enjoy
working with the public?
Do you enjoy empowering people?**

Join the Mat-Su Job Center Resource Room team and assist a widely diverse customer base, including job seekers and employers, with identifying and resolving potential obstacles to employment; developing and obtaining career goals through career planning; researching labor market information; and making referrals to employment opportunities, partner programs, and community resources. This position also works closely with the Department of Corrections to provide in-reach and outreach services to inmates and reentrants, supporting reduced recidivism, addressing barriers and helping individuals successfully enter the workforce. The Employment Services Technician uses critical thinking, presentation and public speaking skills, problem-solving, conflict resolution, coaching techniques and independent work strategies while utilizing a variety of computer databases and software. At the Mat-Su Job Center we are committed to our values and understand that in sharing our expertise we empower others (and ourselves) to cultivate well-being through meaningful work and family self-sufficiency.
