

WE ARE HIRING

HAZWASTE FACILITY OPERATOR

AT FORT GREELY

Hazardous Waste Facility Operators at Fort Greely play a vital role in environmental stewardship and mission support for U.S. Army Garrison Alaska. This position manages the safe receipt, handling, processing, storage and transportation of hazardous materials and waste in full compliance with all applicable federal, state and military regulations. Working in extreme arctic conditions, operators maintain a safe, compliant and efficient facility while supporting Post operations and tenant units through proactive waste management, inspections, documentation and emergency response.

The goal: Protect human health, the environment and mission readiness through rigorous compliance, meticulous documentation, and safe operations in one of the harshest environments on Earth.

Key responsibilities:

- Administrative and waste tracking support
- Waste handling and facility support
- Regulatory compliance
- Equipment operation
- Spill response support

(For details, see the job below in AlaskaJobs.)

This company is a federal contractor and is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status.

Qualifications:

- High school diploma or equivalent
- Strong administrative, computer, organizational and recordkeeping skills
- Strong attention to detail and ability to learn and follow technical procedures
- Ability to communicate professionally with coworkers, customers and government representatives
- One to three years of relevant experience preferred in hazardous materials, waste management, environmental compliance, logistics, warehousing, military operations, administration or a related field
- Ability to obtain and maintain required background approval for military installation access
- Ability to work independently and as part of a team

Preferred qualifications:

- 40-hour HAZWOPER certification
- Current respirator fit test
- Training or experience with RCRA hazardous waste management or DOT hazardous materials transportation requirements
- Experience with hazardous materials, waste management, environmental compliance, logistics, inventory control, warehousing, military operations, Government systems or related work

What we offer:

- Competitive pay based on experience
- Comprehensive benefits package
- Opportunity to support national defense and environmental protection in a unique arctic setting
- Stable, mission-critical role with U.S. Army Garrison Alaska

Employment requirements:

- Valid driver's license
- Ability to pass background check and drug test
- Willingness to work in remote/extreme arctic conditions with required PPE
- Ability to obtain, maintain a valid DOT Medical Examiner's Certificate, if required for assigned driving duties
